

Unboxed: 10 new clean-label natural products

Aiya Organic Gyokuro

The nosh: Verdant green, antioxidant-packed USDA Organic gyokuro shines in this grassy, earthy tea. Beautifully packaged as part of Aiya's new Tea Taster's line.

What's cool: Aiya sources tea from Southwest Japan, where volcanic soil lends a unique *terroir* to these two green teas. We love how green tea also contains L-theanine which relaxes you without putting you to sleep. Packaged in pyramid-shaped bags for a perfect brew.
